THE LIGHTFOOT GROUP LLC

Mix it up

at Contract Appliance Center

By Kirsten H. Michel

If expertise, selection, and personal attention are what you expect when shopping a wide range of kitchen, outdoor living, and laundry appliances, Contract Appliance Center provides it all and more!

Since 1995, Contract Appliance Center has served Western Colorado with the most reputable selection of domestic and international appliances, while earning a trusted local reputation with worldwide recognition. From ideas to installations, we help you envision, create, and, finally, accomplish the perfect end result that suits your personal style in every way.

Top: Liebherr refrigeration with Blue Star ceramic range, matching Vent-a-hood and Cuisines Laurier bamboo cabinetry.

Bottom: Thermador Freedom Collection refrigeration with SE-series ovens and Professional Cooktop, Bosch Evolution dishwashers, Cuisines Laurier maple cabinetry with custom finishes, Spekva Wenge island countertop and Stone Impressions backsplash.

Opposite: Kitchenaid stainless appliance, Cuisines Laurier Cherry Cigar cabinetry and Stone Impressions backsplash.

Our expert staff has the experience and knowledge to help create any vision while maintaining any budget with collections that range from the value conscious to sky's-the-limit and everything in between. We represent over 40 reputable product lines including Wolf, Sub-Zero, Viking, and Fisher & Paykel. When you shop at Contract Appliance Center, our dedicated professionals are committed to selling, delivering, and installing appliances.

A unique and hassle-free experience is our mission. If you need a quote, specifications, product information or just ideas, we're at your service. We strive to inform our customers about ever-changing modern technical features and lifestyle benefits that can impact your choices. Additionally, when an installation requires specialized services, we arrange for a trusted resource to do the job right. Contract Appliance Center offers a one-stop shop that covers everything to make it happen, from start to finish.

The design and construction process is often complex and time consuming. Attention to details throughout the entire process makes a difference. All of our associates pay close attention to the details by double-checking specifications on product dimensions, special orders, ventilation, trim packages, confirming availability, and installation requirements. When you do business with Contract Appliance Center, you have a relationship with individuals—not a big corporation—and we will keep it that way.

To help our clients perceive their own personalized design, we are delighted to introduce our recently completed interior showroom remodel. In our transformation away from a typical warehouse, we have created not one, but two live demonstration kitchens that showcase some of our most popular appliances in a practical hands-on setting. Additional brands create several smaller kitchen vignettes throughout the display area.

Six of the new kitchen vignettes feature the following elements, all represented by The Lightfoot Group LLC. Cabinetry is provided by Cuisines Laurier, manufactured in Quebec, Canada, which includes traditional designs with full access and inset door to

contemporary door styles using high gloss finishes and natural bamboo. John Boos and Company, as well as, Spekva, from Sweden, provide the wooden worktops and islands while tile murals on natural stone from Stone Impressions complete the design with backsplashes. Links to all of these products can be accessed online at www.lightfoot.net.

The products offered by these companies allow design coordination throughout the home for kitchens, bathrooms, islands and wall hoods. The Lightfoot Group also offers 2020 3-D renderings, if you require this service. Working together, Contract Appliance Center and The Lightfoot Group offer a complete package for your cabinetry and appliances. Visit us and see for yourself what we can produce for you!

We are happy to announce that we will be offering cooking classes featuring distributor sponsored and local valley chefs! Beginning soon, you can see our products in action as our guest chefs create eclectic recipes. Check our online calendar at www.contractappliance.com for more information regarding these open house events for anyone to enjoy. And, stay tuned as we have plans to create a beautiful outdoor kitchen demonstration area in the near future!

CONTRACT APPLIANCE CENTER

3760 HWY 82, Glenwood Springs, CO 81601
